

North Point Senior Secondary Boarding School **celebrates International Friendship Day .**

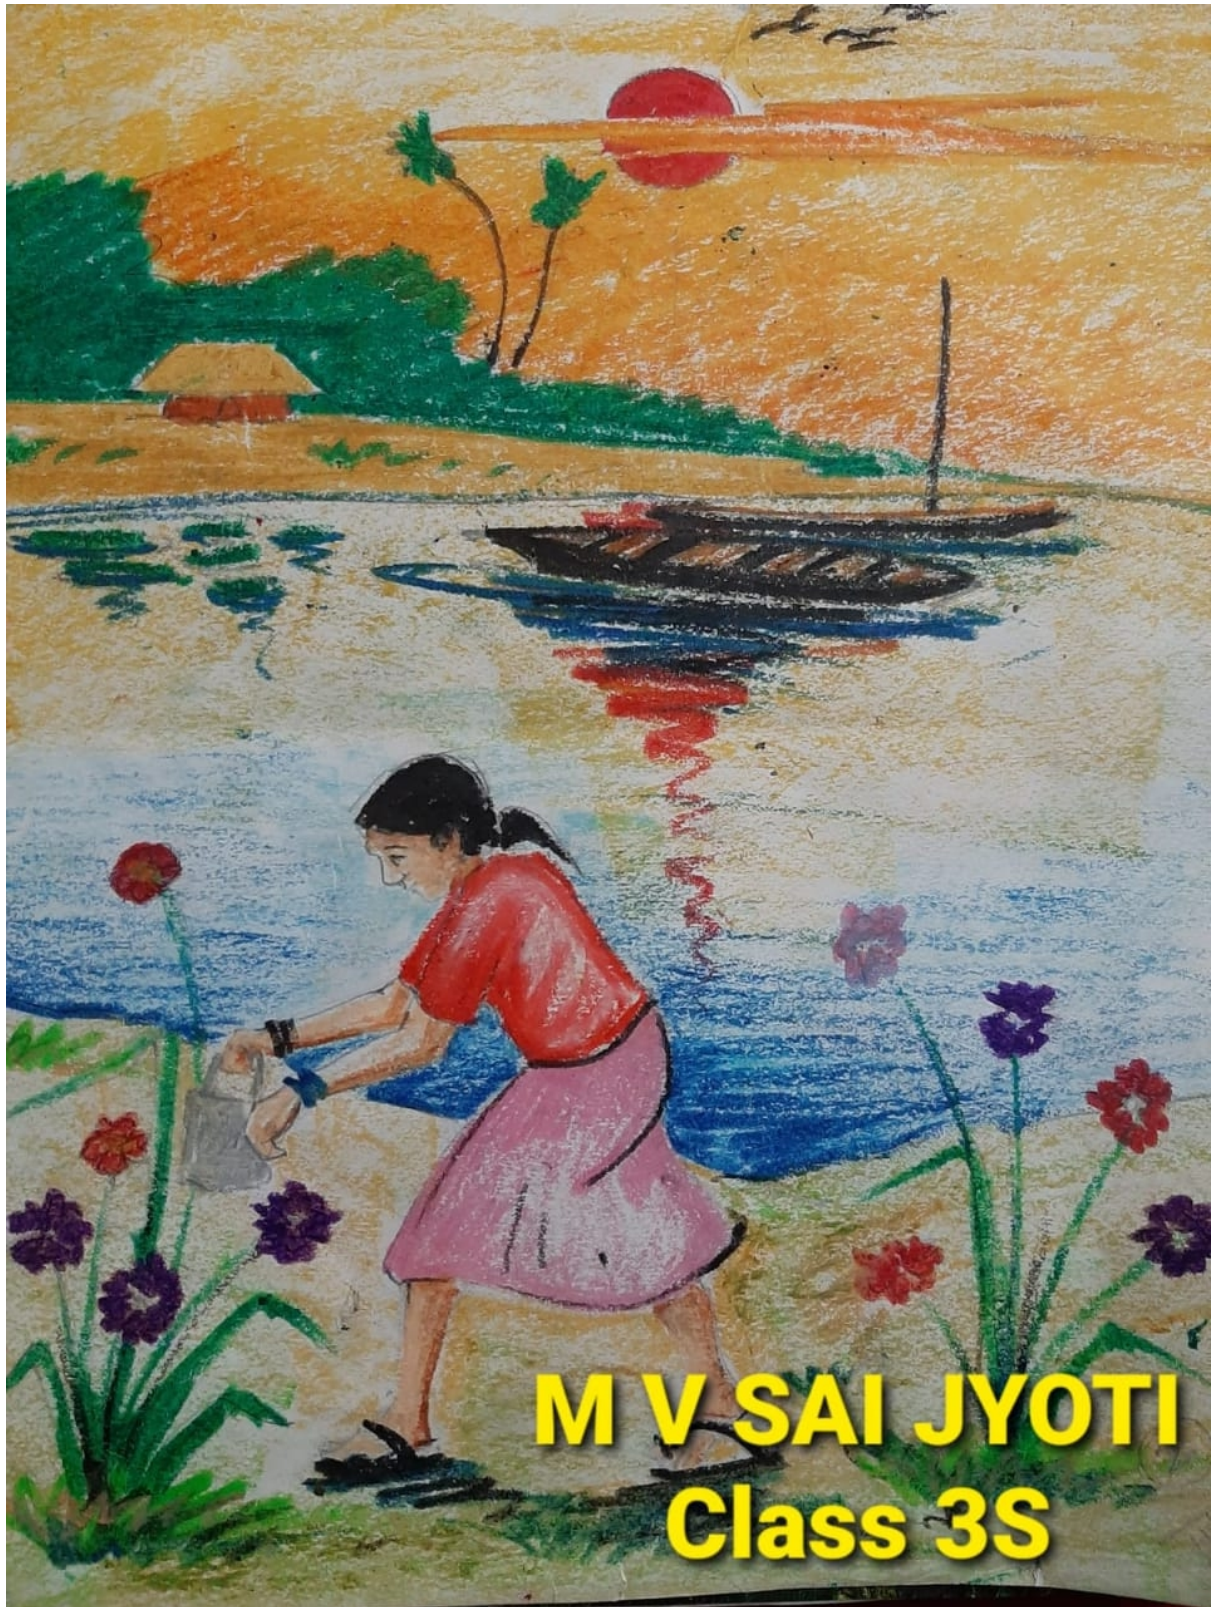

The International Day of Friendship was proclaimed in 2011 by the UN General Assembly with the idea that friendship between people, countries, cultures and individuals can inspire peace efforts and build bridges between communities

On 30th July 2021 to mark the International Friendship day the students from classes I to X wrote articles and drew posters on the topic ‘ Friends With Nature’.

Given that we now have a generation of young people who did not grow up playing outdoors, who did not make friends with Nature on their own, it is our responsibility as teachers and parents to introduce children to their friends in Nature.

The kids of the junior section (I to III) have expressed their love for nature by drawing amazing posters. The students from classes IV to X wrote articles in Hindi and Bengali and came up with the idea that if we treat the rest of Nature the same way we would like to be treated — with courtesy, gentleness and respect — then the natural world will treat us like friends.
