

# **NORTH POINT SENIOR SECONDARY BOARDING SCHOOL**

## **(ARJUNPUR / RAJARHAT / BOLPUR)**

Dear Parents,

The government having kindly declared reopening of schools on and after 12<sup>th</sup> of February 2021, we as your child's school write this to assure you that we are completely ready with our infrastructure, staff training, and teacher counselling, so as to welcome our dear students.

In view of the above, we need your OPINION, assent and approval to plan forward. Our initial planning has been that we will permit not more than 12 students in a class and thereof divide the class into 04 rooms to accommodate training of subjects on priority basis for 40 students at a time.

The schedule of classes and timing for the same will be discussed and sent across to you based on your opinion.

As per your opinion, we will be requesting the students to come to school with a consent letter given by yourself and signed by yourself on a regular basis. We will be sending you a proforma for the same. The Students and all stakeholders who come to school will perforce wear masks and gloves. The school canteen and the school bus service will not be operational for a while. Hence, you are requested to send sufficient tiffin for your child and minimum 2 water bottles.

You and us will instruct and counsel our students not to partake of any food from their friend's tiffin boxes or from food vendors outside the school or outside the home. We (You and Us) will also monitor their time of coming into school and reaching back home with the intention that they donot loiter aimlessly after or before school. We will effectively explain to them that this vigilance is for their own safety.

We in school will ensure physical distancing and we wish you to help us doing the same. We have been sanitizing our school on a regular basis and will be more effective at it when the children start using their school.

Presently we will be hoping to enjoy the presence of Classes IX, X, XI & XII only. The respective Class teachers will be in touch with you during online Classes to take your opinion, upon which we will move forward.

We will expect your opinion over emails of the respective Class Teachers, which they will share with you.

Your Opinion in the matter is of primary importance.

In good faith,

(Dr. Rita Chatterjee)  
Director - NPSSBS
